

Introducing...FASAE SoCal

Two years ago, the Filipino American Society of Architects and Engineers, Southern California Chapter or *FASAE SoCal* set one goal. Our goal: **To become a premier organization of Architects and Engineers for our the community through service.** Our service includes scholarship programs, exam review classes, and general membership meetings that can be both fun and educational.

Our scholarship program provides opportunities to our future Architects, Engineers, and Scientists both here in the United States, as well as in the Philippines. Annually, we have given away thousands of dollars to deserving students, to help them attain their educational goals. Our scholarship committee members are diligent in screening applicants, volunteering their personal time to make sure the right candidate is awarded.

Education is the backbone of success, and FASAE SoCal lives by this. We strive to provide review classes for both the Professional Engineering Exam, and the Engineer-in-Training exams, given twice a year on a national level. Our instructors, of course, are members of our organization

that volunteer one or more Saturdays to teach an exam subject.

General membership meetings provide members with valuable information on anything from life challenges we all face from time to time (Personal Financial Management), to technical information we can use on a daily basis. Sometimes, our general membership meetings are all about getting together just to enjoy each others company.

As the Chair of the Ways and Means committee for the past two years, I have learned a great deal about this organization, but the one thing I remember most is this; ***without active fund raising, the services we offer would not be possible.***

Whether it's creating that competitive spirit we all look for through a friendly game of golf, bowling, or poker; or just the opportunity to get together for a delicious meal and great company, our fund raising events are a life blood of the organization. That is why I have decided to put out this flyer to share with you the events on our schedule for 2010. There is a saying at RBF Consulting, the firm I work for, that I believe goes for our community as well. That is, ***"We are all each other's greatest***

resource." So please, whether you decide to join us in one of our annual tournaments, or attend one of our informational general membership meetings, or just want to come "hang out" for some good time with even better company, please come and join the fun!

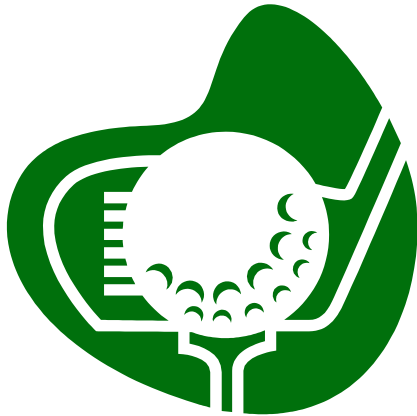

Larry Tortuya P.E.
Ways and Means Chair

Bowling Tournament

Date: May 15, 2010
Place: Bowl-O-Drome

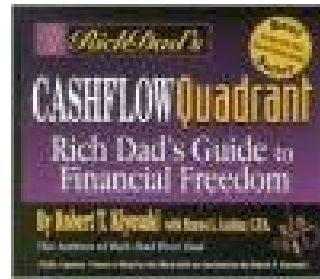

Four Person Teams
Sign-ups are now being taken!

Golf Tournament

Date: June 26, 2010
